

ASIA PACIFIC CONFERENCE ON TOBACCO OR HEALTH

6 – 9 October 2010
Sydney Convention & Exhibition Centre
New South Wales, Australia

The Asia Pacific Conference on Tobacco or Health is being held at the Sydney Convention & Exhibition Centre, New South Wales, Australia from 6 – 9 October 2010.

Over 500 delegates from all corners of the world are expected to attend APACT 2010 – widely hailed as the premier tobacco control conference for the Asia Pacific.

APACT 2010 aims to:

- share and discuss recent research and findings in reducing and preventing tobacco use
- review and evaluate success in tobacco control particularly within the Asia Pacific region
- provide an opportunity for networking among participants and countries
- give support to FCTC implementation
- develop strategies for enhancing more effective tobacco control in the future

APACT 2010 welcomes all relevant parties that are interested in supporting the conference – either through the commercial exhibition that acts as the hub of the event, or sponsorship.

To discuss available opportunities and confirm your organisation’s involvement, please either:

- complete the form below and return it to the event managers
- register your interest online at www.apact2010.org
- email info@apact2010.org

Don't miss your opportunity to join forces with the premier tobacco control conference in the Asia Pacific!

Promote your products and services to decision makers, opinion leaders and industry experts from around the world!

Expected delegates include:

- Tobacco control advocates and program personnel
- Policy and decision makers in public health, hospitals, health care, education and development
- Government – including ministers, advisers, department heads, policy and planners
- Scientists – environment, epidemiology and population health research
- Doctors – oncology, lung, ENT, heart, COPD
- Public health leaders - health promotion, public policy, drug and alcohol, strategic policy
- Health managers - state, national and community levels
- Counsellors – QuitLines, community health
- Pharmaceutical and other drug control fields
- Youth and education leaders
- Pragmatists and opinion leaders
- Economists with interest in cost burdens
- Environmentalists and ethicists
